This event has been developed for professionals involved in mortgage lending/brokerage, real estate and development, business lending, construction, and affordable housing advocacy to assist them in their efforts to address the area's housing shortage and connect people to financial resources and housing opportunities. Business leaders and executives and human resources directors are also encouraged to attend as they assist their employees find rental housing or purchase homes.

Presentations will include the latest information on the financial programs and tools available to support and leverage:

- creation of all types of new housing,
- rehabilitation of existing housing,
- renter and rental property owner programs, and
- home ownership and first-time homebuyer programs.
